

Supplies

Dish Soap

Water

Glycerin (found in the baking section at the supermarket)

Don't forget the magic ingredient!

Homemade **BUBBLE** Solution

Directions

Mix 3 tablespoons of dish soap with 250ml of water (distilled water gives the best results) and add 1 tablespoon of glycerin. This mix is best left overnight to settle before using.

Place your bubble mix into a shallow bowl or plate.

Dip the fabric in the bubble solution and give the bottle a blow. Blowing slowly produces the longest snakes.

Mix 3 tablespoons of dish soap
