PATHFINDER SERVICES OF ND

Pathfinder Services of ND offers hundreds of vetted resources. Our resource library includes handouts, brochures, webinars, and websites.

PSND provides information on content such as: disabilities, IDEA, Early Intervention Services, Special Education Services, Transition Services, Secondary Transition, IPE, employment opportunities and post-secondary options, and both federal and state information pertaining to disabilities and Special Education.

Pathfinder Services of ND offers resources in a variety of formats. We offer both digital resources that you may access directly from our website and physical copies that PSND can send to you at your request.

Our Resources page offers two ways to find the resources you want in our library. First, you can browse our major topic areas, which cover all the major special education, disability, and parenting subjects. Choose a topic from the drop down menu, then click the 'Go' button to see the results. The second option is the Search box. Type in what you're looking for, click the 'Search' button, and see what's available. Once you've selected a resource, you can read it, watch it, or download it right from this page.
